JFORTE

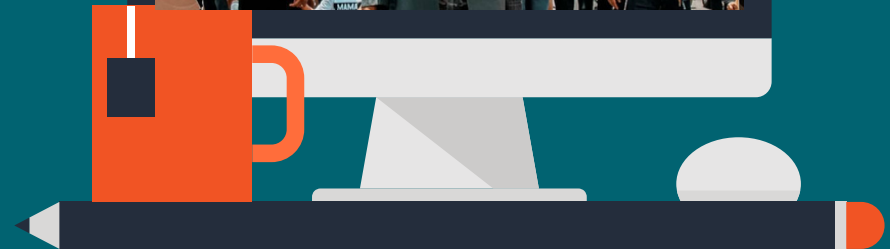

## ABOUT ME.. JFORTE

I'm an **artist** | astronaut |  
author | actor | entrepreneur |  
leader | activist and much  
more.....

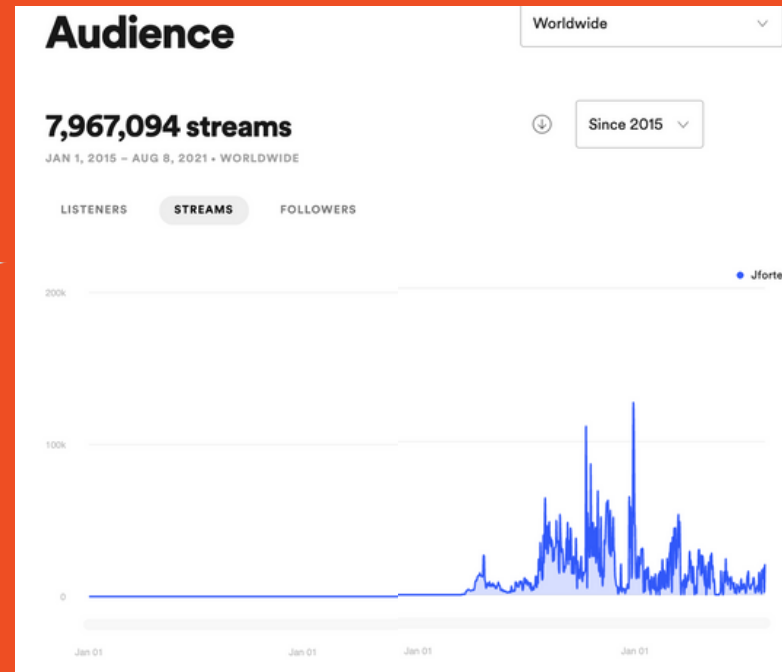

Music is the vehicle in which  
I've been able to express and  
navigate in the world,  
especially being a minority.

Being able to put a verse  
together, creatively work with  
others and market my finished  
products to the world is a  
blessing.

# STREAMS

## JFORTE ANALYTICS

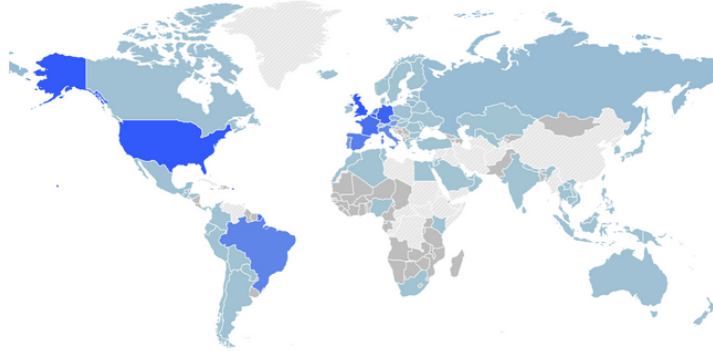

In 15 months, I've grossed almost 8 million streams off of 60 songs. My secret sauce was making a song a week and then promoting each song like an album until numbers grew. While launching a song a week, I realized that there is opportunity to advance in my genre.

When making music, it's important to understand the legalities, purpose and business structure intended to push music into the right areas for listeners to gravitate to. After pushing and marketing over 60 of my own songs, I see what is important and how to truly capitalize on the process and skillset I possess.
